All workshops will take place at 370 Bayview Drive, 3<sup>rd</sup> floor, Georgian Room and space is limited to 45 participants at each session.

Register here: <http://signup.com/login/entry/1274979106030>

The Safer Spaces program works with organizations to provide organizational professional development workshops, to create more inclusive and accessible programs, services, and businesses for the LGBTQ community. Whenever you see the *We are creating safer spaces together* graphic, that is used on posters, stickers, and web materials, it is a commitment to the ongoing effort of creating accessible spaces for the LGBTQ2S communities.

The program is designed based on Best Practices in Creating and Delivering LGBTQ Cultural Competency

Training for Health and Social Service Agencies. Cultural competency training (CCT) aims to increase knowledge and skills to improve one's ability to effectively interact with different cultural groups and to change attitude.
