
Part-Time RPN

A Family Doctor's office is looking for a part-time RPN with minimum 1-year experience working within a family practice.

He/she will perform clinical nursing duties, which may include but not limited to:

- assessing and interviewing patients, obtaining past medical, surgical, family and social history
- comfortable with well-baby/child visits, well woman, geriatric care, and immunization schedule
- reviewing present medications, allergies, chief complain and evaluation of complaint
- acting as liaison between medical practitioners and patients
- preventative health screening
- rooming patients, preparing for examination, treatment or procedure
- maintaining inventory and ordering supplies and storage/sterilization of equipment
- standard nursing procedures and patient care including in-office urine testing, ear syringing, stitches and sutures removal, dressing change, and injections
- timely documentation of all procedures/instructions given in patient records
- communication of test results and/or other medical information to patients
- entering and retrieving patient health information in EMR
- performing other nursing duties as required by health practitioners

Having experience in a primary care office is mandatory.

Qualified applicants may send their resume by email to application.application@yahoo.com

Closing Date: Friday, February 12th
